Dear Mike: Did Julie Andrews do her own singing on her TV special? I heard a girl on an interview radio show say she did it all. I can't see how this could be as Julie's singing voice on TV sounds the way she talks—Mrs. S.D.S., West Springfield, Mass.

Checked and you go to the top of the class.

Dear Mike: I've always been a fan of Dale Robertson's and haven't heard or seen anything about him in a long time. Where can I get a picture of him? Wanda W., Aurora, Colorado.

Dear Mrs. S.D.S.: Your confusion might stem from the fact that Julie Andrews played in "My Fair Lady" on Broadway and when Audrey Hepburn made the movie of "M.F.L." her voice was dubbed by Marni Nixon in some parts of the songs. Miss Nixon is probably the person you heard interviewed. Julie always sings for herself.

Dear W.W.: Dale will appear in a new TV series this fall, "The Iron Horse" so you may write to him directly in care of: ABC-TV, Hollywood.

Dear Mike Connolly: In the latest James Bond movie, "Thunderball," Sean Connery gets shot in the right leg running into a circus parade, if I'm not mistaken. But later on, he washes the blood off his left leg. Please check—B. C., South Houston.

Dear Mr. Connolly: I have a suggestion. It's having Hedy LaMarr as a presenter on the forthcoming Academy Awards. It would be a gesture by your Industry of confidence. She made millions for the movies and when I saw her in "Crossroads" in my pre-puberty days, I never fully recovered. —"An Insurance Man," Studio City.

Dear Fan: Amen. There has been some publicity that Miss LaMarr will appear in a film locationing in Washington, D.C.

Dear Detective B. C.

Garden Checklist

1. When fertilizing lawns and flower beds, always follow directions on the fertilizer package. Too heavy a meal may do more harm than good.
2. When dividing and replanting old iris, or when planting new iris, either plant in an area where iris have not been growing during the past year or enrich the soil before planting.
3. Chrysanthemums should be doing nicely now. Continue feeding them every three weeks until the buds begin to show color. Then hold off the food.
4. Camellias set buds in summer for next year's bloom. Be sure they are still watered during warm weather. Overhead sprinkling is best.
5. Make a basin around young trees to insure more efficient irrigation with no wasteful run off.

Dear Sir: Is Kate Smith married? If so, when and to whom? — D.J., Amarillo, Texas.

Compressor horsepower is required to move natural gas through pipelines. There is enough horsepower on gas pipelines to provide air conditioning for every man, woman and child in the six largest cities in the nation.

Dear D.J.: Kate Smith is not married. You often read her name in connection with Ted Collins, but he was her manager and most loyal friend. Ted passed away two years ago.

Dear Mike: Now that Lee

J. Cobb is no longer with "The Virginian" what are his plans? Where does he live and does he have a family? — M.W., Red Bluff, Calif.

Dear M.W.: Lee is now working in his second "Flint" movie, "In Like Flint," with James Coburn. At present, he's living in California with his wife and two children. He has two children by a previous marriage.

Dear Mike: Please tell me where to send fan mail for "Peyton Place." Also, do Patricia Morrow and Chris Connolly actually date? —R.G., Houston.

Dear R.G.: Please send all "Peyton Place" mail to: "Peyton Place," 20th Century-Fox Studios, 10201 West Pico Blvd., Beverly Hills, Yes, Pat and Chris actually do date.

Dear Mike: Isn't Rock Hudson tired of playing nothing but the clad-in-pajama-bedroom type movies? Or is that the only thing he's good at? —B.C., Syracuse, N.Y.

Dear B.C.: I'd say Rock is tired of that type of movie because he just finished a spy-type, "Blindfold," which called for him to wade thru swamps. His next will be a science-fiction type entitled, "Seconds," filmed on location in New York City.

Dear Mike: Where is the Old Timer that was on Death Valley Days — Ronald Reagan took his place. Thank you, Mrs. H.B.D., Fort Worth.

Dear Mrs. H.B.D. The Old Timer passed away. And now that Ronald Reagan is running for Governor of California, he's had to be replaced. Robert Taylor inherits the role.
